

Simplicity Funerals

SIMPLICITY FUNERALS is an AUSTRALIAN owned company that operates in every mainland state within Australia. We have three locations on the coast at Miami, Parkwood and Tweed Heads and another four locations in South East Queensland at Logan, Ipswich, Wooloongabba and Kedron.

Simplicity Funerals offer a simple, dignified and affordable approach to arranging funerals. We also cater for those families who are somewhat restricted financially, by offering 12 month interest free payment options.

Commitment to Excellence

The most important ingredient in everything we do is ensuring the individual needs of every family are met. Our training, facilities and most importantly our staff are all focused on showing our commitment to the families we serve. Our role is to inform families of all the options available to them and assist each family in personalising a funeral that is within their budget. That means showing our willingness to cater for personal preferences whether they be traditional or modern and respecting cultural requirements, religious beliefs and any special requests.

We are governed by our own strict Code of Conduct. Our company also adheres to the Code of Ethics required by members of the Australian Funeral Directors Association along with Australasian Cemeteries and Crematoria Association.

Put simply, our company aspires to offer innovation and care.

Planning Ahead

Simplicity Funerals are providers of the Guardian Plan, a pre-paid funeral plan that allows people to make their own choices and pay for a future service at today's prices. You may choose to pay the full price now or by installments over two to three years.

Planning ahead allows you to make your own decisions in your own time and will give peace of mind knowing that once your funeral details have been documented in a contract, the uncertainty concerning your final wishes will be lifted from the shoulders of your family and friends.

Guardian Plan offers a no charge obligation free consultation with a representative to explain options, advise costs and answer any questions.
