ARE YOUR RETIREMENT FINANCES IN NEED OF A REVIEW?
At Strategic Planning Partners, we would like to extend a simple offer to all the valued members of the Surfers Paradise Bridge Club:

A free cup of coffee and a second opinion

When investment markets turn as volatile and confusing as they have over the past couple of years, even the most patient investors may come to question the wisdom of the investment plan that they have been following.

At SPP, we've seen a lot of difficult markets come and go. And, we certainly empathise with people who find the current environment troublesome and disturbing. We'd like to help if we can.

By appointment, you are welcome to come in and sit with one of our qualified financial planners for a while. We'll ask you to outline your financial goals - what your investment portfolio is intended to do for you - then we'll review your investment and income needs with you.

If we think your investments and financial structure continue to be well suited for your long term goals - in spite of the current market turmoil - we'll gladly tell you so, and send you on your way.

If, on the other hand, we think some of your investments no longer fit with your goals, or you could structure things in a different way to improve your tax position and Centrelink entitlements, then we'll explain why, in plain English. And, if you like, we'll recommend some alternatives.

Either way the coffee is on us.
